

Snowflake

FHA Convention Guest Speaker

This year's convention guest speaker is Roki Bernstein of Snowflake Canada. Roki is a retail furrier in the Vancouver area with a number of different retail stores.

This will be a great opportunity for fur harvesters to gain an understanding of the retail end of the fur business. I am sure that many fur harvesters have questions about the retail business of selling fur.

Roki has agreed to setup a booth during our convention so that she can meet and chat with fur harvesters. Check out Roki's business online at www.snowflakecanada.com
